

ENV

Environmental Policy

COMMITMENT

Johns Lyng Group recognises it must conduct business in a manner that protects the quality of the environment in our communities.

This commitment extends to safeguarding the environment from the organisation's operations so far as is reasonably practicable.

AUTHORISATION

This policy is signed by us so that you will be aware that we are personally committed to Workplace Health, Safety and Welfare. We expect your co-operation and compliance with this policy to ensure continuous improvement in health and safety performance and a safer working environment for all employees.

Scott Didier
CHIEF EXECUTIVE OFFICER

Lindsay Barber
CHIEF OPERATING OFFICER

Date of Issue: Feb 2019

Date of Review: Feb 2022

OBJECTIVES

We will strive to:

- Incorporate objectives and targets into project planning, monitoring, and reporting processes;
- Pursue continuous improvement of environmental management system based on ISO 14001:2015;
- Ensure the availability of resources and skills to enable compliance with local environmental legislation and to meet, and where possible, exceed the client expectations for environmental management;
- Promote communication and consultation about environmental management;
- Ensure that all potential environmental risks are effectively identified and controlled.

RESPONSIBILITIES

All staff are expected to provide effective environmental management systems, for our operations in accordance with ISO 14001:2015.

Management representatives will be held accountable for implementing this policy by:

- Identifying the environmental aspects that are part of the work activities and
- evaluate the potential impacts on the environments
- Implement a management plan to prevent or mitigate those impacts
- Establish and operate a monitoring and reporting program
- Continually review, upgrade and improve the management plan

Employees will be expected to

- Work in a manner consistent with the achievement of the organisations environmental management objectives
- Report all environmental hazards to their supervisor in a timely manner
- Report any potential or suspected breaches of policies and procedures to their Supervisor or Manager
